Market Survey

On looking over the internet, I've found that, there are few websites who do have the idea which can be similar but it's not completely same. Here's a list of websites which can have same idea -

- <http://fearlessstories.com/> : This website contains many motivational videos but do not have Daily Quotes and Video Content.
- <https://www.reddit.com/r/GetMotivated/> : A Reddit Thread, It's a great place for getting all such content. But the thing what makes it different from Get Motivated is that, Reddit isn't dedicated to the idea! Get Motivated will be dedicaated to it's idea.

Apart from these websites, articles were found over the internet but the thing which makes Get Motivated is that, It's dedicated but they're not!
